

When Only The Best Will Do...

With over 30 years of expertise, **Trident** is the premier solution for restoring, protecting and maintaining a variety of surface investments. **Trident's** innovative and premium quality sealers provide the ultimate in surface protection, enhancement and joint stabilization. **Trident** is trusted by contractors and project owners who won't settle for second best for their commercial and residential projects. *Trust your surface to Trident!*

Introducing Cyclone... a multi-functional sealer that beautifies your surface by stabilizing (harden) joint sand to help reduce sand washout, weeds and insect infestation as well as lock in the clean, natural look of the surface and provide durable protection.

Cyclone

INDUSTRY'S MOST TRUSTED JOINT STABILIZING SEALER FOR OVER 30 YEARS

- Locks In A Clean, Natural Look With Matte Finish
- 3 in 1 Product: Seals, Enhances & Stabilizes Joint Sand
- Provides Stain Resistance Making Cleaning & Maintenance Easier
- Fungal Guard Protects Sealer Film From Mold, Moss & Algae
- Breathable Water Based Formula

Coverage Per Gallon:

APPLICATION	SQ FEET	SQ METERS
Sealing With Joint Stabilization	80-120	7.4-11.1
Sealing Only Without Joint Stabilization	150-250	13.9-23.2

Coverage based on single application. Actual coverage may vary depending on the type, age, condition, joint size and porosity of the surface, application method and other local conditions such as temperature. For more uniform coverage or if desired, a light second coat may be applied after the first coat has dried to the touch.

Cyclone can be used on concrete & clay pavers, natural & manufactured stone, travertine, flat & stamped concrete, clay roof tiles, segmental retaining wall blocks, concrete walls and exposed aggregate. Always perform a pre-test in a small area to verify performance and appearance before applying.
